DETAILED ACTION

1. Applicants' response to the Office Action mailed on December 15, 2004 has been acknowledged. Currently, claims 1-10 are pending, claims 1-3 are amended and claim 11 is cancelled. Claim 12 has been indicated as cancelled, but applicant has included a claim that was not previously considered.
2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 102

3. Claims 1-11 remain rejected under 35 U.S.C 102 for the reasons previously set forth in the paper mailed December 15, 2004.

Applicant's arguments have not been found persuasive and the rejection is maintained.

Applicant argues the reference of Neved fails to suggest or teach a first separation step which allows separation of the undissociated complex comprising target analytes with the affinity molecule from the other molecules which do not bind to the affinity molecule. This argument is noted but not found to be persuasive.

In response to applicant's argument, the examiner directs applicant's attention to the teachings of Neved on page 4231, column 1, wherein library components and antibodies to benzodiazepine were injected onto a protein G column and screened. Antibody benzodiazepine-complexes were formed and unbound library components

were flushed to waste. After a pH change in the solution, the antibody-benzodiazepine complexes were desorbed from the Protein G column onto the SPS column, which is a restricted access support. The complexes were then separated and detected by mass spectrometer. Therefore, Nevad anticipates the first and second separation steps of the instant claim 1.

Conclusion

No claims are allowed.

4. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
